**PETITION UNDER 37 CFR \$1.181 TO WITHDRAW THE
HOLDING OF ABANDONMENT**

Assistant Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

January 25, 2008

Sir:

Withdrawal of the holding of abandonment in the above-identified application pursuant to 37 CFR \$1.181 is respectfully requested for the following reasons.

Recently, the undersigned received from the United States Patent and Trademark Office a Notice of Abandonment dated November 26, 2007 in the above-identified application. The Notice stated that the application had been abandoned in view of applicants' failure to respond to the Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office ("Notification").

The Notification required the submission of i) a copy of the Notification, ii) a translation of the application into English, iii) an oath or declaration of the inventors

("declaration"), and iv) an Amendment and Submission Pursuant to 37 CFR 1.821-1.825.

However, Section 503 of the Manual of Patent Examining Procedure clearly states that a postcard receipt which itemizes and properly identifies the papers which are being filed serves as *prima facie* evidence of receipt in the United States Patent and Trademark Office of all the items listed thereon on the date stamped thereon by the United States Patent and Trademark Office.

A careful review of the accompanying postcard receipt (Exhibit A), which contains all the necessary identifying data, reveals that on April 13, 2007, applicants timely filed i) a copy of the Notification, ii) a translation of the application into English, iii) an oath/declaration, and iv) an Amendment and Submission Pursuant to 37 CFR 1.821-1.825 (in paper and disk format), along with a petition for extension of time for one month, and authorization to debit Account No. 25-0120 for the extension fee.

Since the postcard receipt bears the United States Patent and Trademark Office mailroom stamp of April 13, 2007, it is respectfully requested that the holding of abandonment be withdrawn and that the application be forwarded to the Examiner for prompt consideration of applicants' response which was timely filed on April 13, 2007.

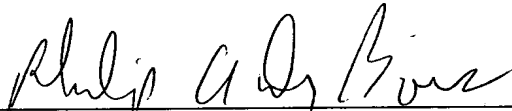

The complete response along with the extension of time which was previously filed on April 13, 2007 and which some of

the items were apparently misplaced is re-submitted herewith as Appendix B.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

April 13, 2007

Sir:

Pursuant to the Notification of Missing Requirements under 35 U.S.C. 371 in the United States Designated/Elected Office mailed on January 16, 2007, for which the period for response has been extended one month, applicants submit herewith an English translation of the present application.

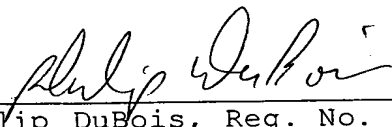

Additionally, applicants submit a declaration of the inventors that is believed to be in compliance with 37 CFR 1.497(a) and (b).

Applicants also submit an Amendment and Submission
Pursuant to 37 CFR 1.821-1.825.

The Commissioner is hereby authorized in this,
concurrent, and future replies, to charge payment or credit any
overpayment to Deposit Account No. 25-0120 for any additional
fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

April 13, 2007

Sir:

Responsive to the Notification of Missing Requirements
under 35 USC 371 in the United States Designated/Elected Office,
applicants respectfully request that the record of the above-
identified application be amended as follows:

Remarks begin on page 2 of this paper.

REMARKS

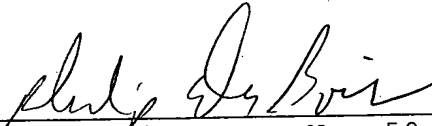

Responsive to the requirement for submission of a Sequence Listing, imposed in the outstanding Official Action, the same is provided herewith, attached to the present amendment, in paper and disc formats. Applicants hereby state that the attached paper and computer readable copies have the same content, and introduce no new matter into the present application.

In view of the above, it is respectfully submitted that the above-identified application complies with the requirements for patent applications containing nucleotide sequences and/or amino acid sequence disclosures.

Favorable consideration of this application is respectfully requested.

Respectfully submitted,
